MEMORANDUM FOR: Major General H. P. Smith, USAF
Deputy Director for Intelligence
Defense Intelligence Agency

SUBJECT : Wider Dissemination of Sensitive CIA Intelligence
Reports

1. Your memoranda of 19 December 1973 (S/NPD/CD/BUO - 1103/DI-4) and 28 January 1974 (S/NPD/CD/BUO - 0019/DI-4) to Dr. Proctor, Deputy Director for Intelligence, have been referred to this Directorate as the Directorate responsible for dissemination of the reports in question.

2. This Directorate shares DIA's concern that U.S. Unified and Specified Commands be kept informed, on a current basis, of information affecting their operations and planning. There have been some instances, as noted in your memoranda, where this has not been done. However, a review of Directorate of Operations (DO) disseminations indicates that basically Unified Commands are on the distribution of those reports, including sensitive ones, concerning the countries within a command's area of geographic responsibility.

3. The following procedure is suggested to assist in ensuring that Unified Commands receive those reports pertaining to their area of geographic responsibility that DIA believes the command should have. DO disseminated reports contain a FIELD DISSEM line that indicates overseas disposition of the report. When DIA notes that a particular Unified Command has not received a report that DIA believes the command should have, DIA should contact this Directorate and every effort will be made to expand the distribution of the report to the Unified Command concerned. The distribution, when made, will be on an "EXCLUSIVE FOR" basis. The contact point for the foregoing will be either [redacted] both on extension [redacted] of the Operations Staff of this Directorate.

4. It is believed that the above procedure will facilitate the provision of sensitive DO intelligence reports to a Unified Command when that command has not been included on the initial distribution of the report.
